Stick-on Edge Trim

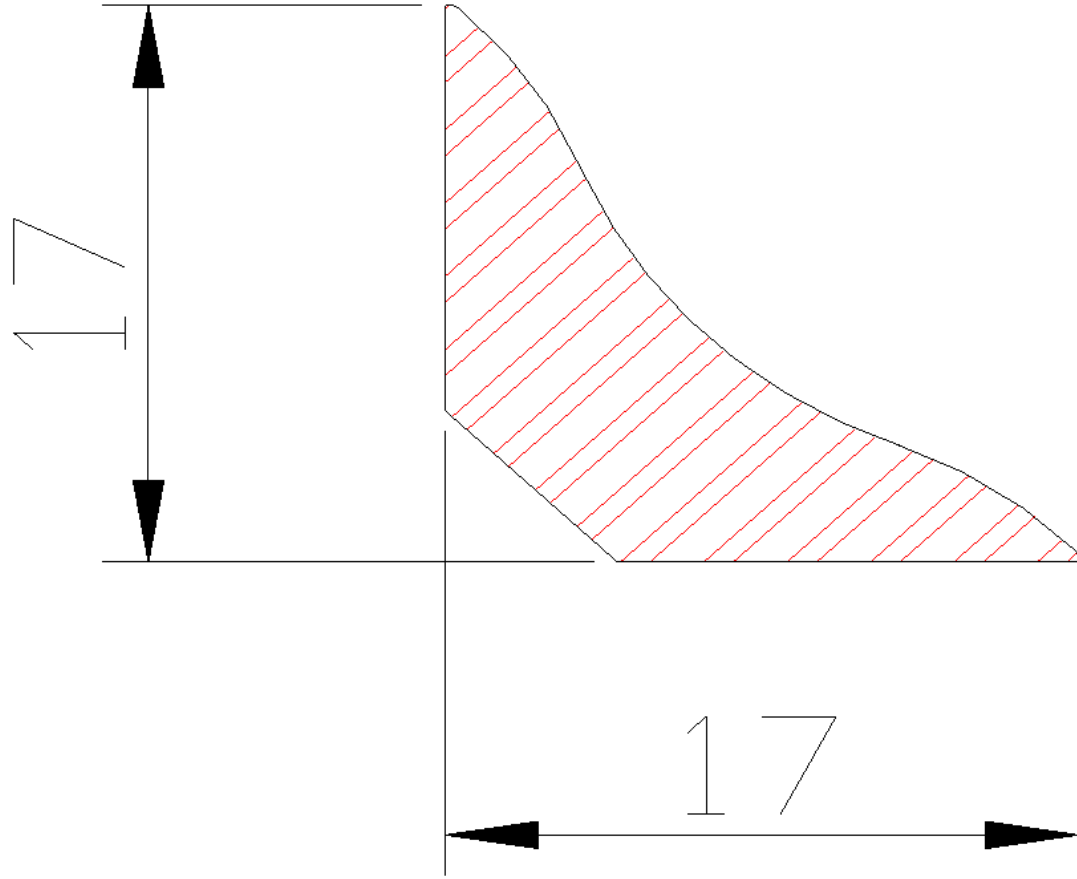

# Scotia

A polymer composite scotia, that can be decorated with a durable hot stamp foil in any wood or stone effect required, or laminated with a real wood veneer or paper wrap.

## Product Details:

- Easy to cut to size and shape
- Can be fitted using pins or adhesive
- 100% water resistant
- Can be shaped to fit uneven walls or bay windows by using hot water or air
- Supplied in any length ( standard 2 or 2.4m)
- Made from 75% recycled materials and is 100% recyclable
- Can be over painted if required with standard gloss paints
- Available in a standard range of colours or can be supplied in any match dependent on volume

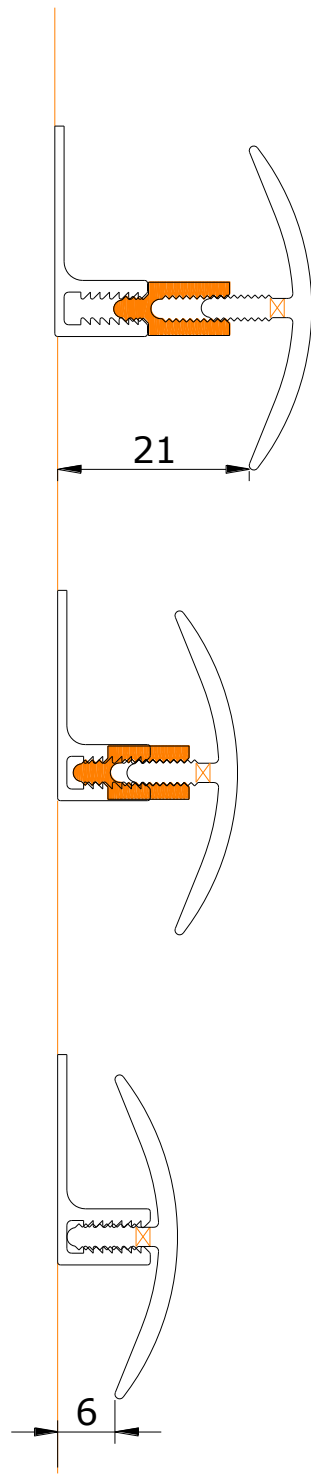

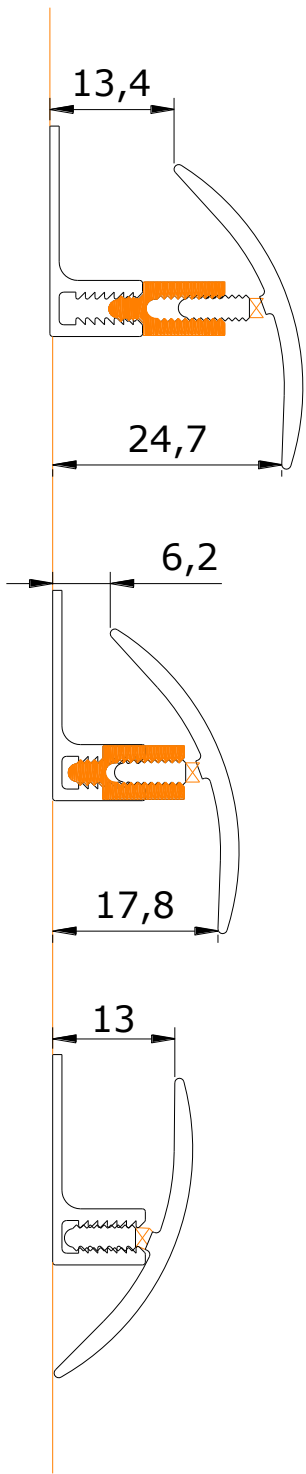

# Standard Universal Door Bar

This PVC door threshold is manufactured with a flexible co-extruded hinge to allow it to be used in any of the height situations shown below and is decorated with a durable man made veneer that can be matched to any wood or stone effect required.

## Product Details:

- Suitable for all wood, laminate, vinyl and engineered floors
- Combination of transition and leveling/reducing profile
- Transition for same level floors from 7-21 mm
- Compensation of height difference with differing floor heights from 0-17 mm
- No screws necessary in the fixing of the covering profile
- Mounting rail can be fixed with screws or adhesive
- Adapts automatically in height and inclination
- Absolutely no gaps in the height range

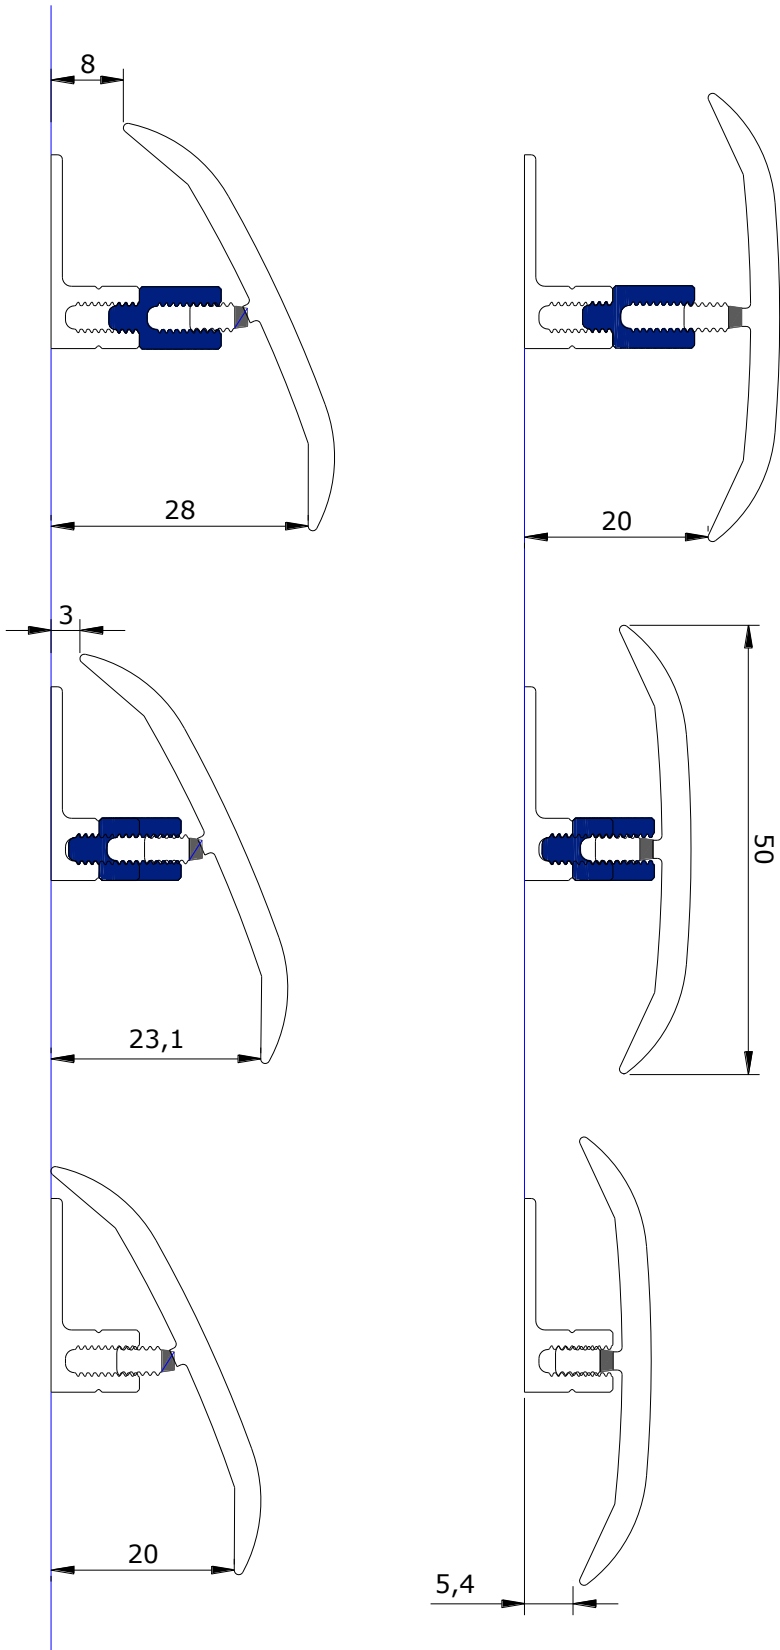

# Deluxe Universal Door Bar

This door threshold is manufactured with a flexible co-extruded hinge to allow it to be used in any of the height situations shown below and is decorated with a real wood veneer for use with wood and engineered flooring

## Product Details:
